Today I'm excited to be discussing the KDMax Design Suite and its ability to produce rich, photo realistic renderings of any type of project you may have. Check out the KDMax Design Software Website - Check out my website for a full list of what we can do for you. Follow me on Instagram - Check out my favorite products - Sketchbook Pro: Business Card Ordering Website: Subscribe for more videos: This video introduces you to the features of the updated version of KDMax Design Studio 3.2.0. KD Max Design - Budget Software For Designers | Instructables *DAILY UPDATE: I have dropped the price to a more affordable level. NOW \$27 for the entire suite which is not a bad price when you think of how... *DAILY UPDATE: I have dropped the price to a more affordable level. NOW \$27 for the entire suite which is not a bad price when you think of how much you get and also how configurable it is. Check out for the new version of the entire suite as well as details about this deal and all of the other download and bundle offers. Save a lot of money by doing all of this and still send me an email when you download something so I can. Thanks for watching ;) 82157476af
